Wills, Trusts & Estates

We are experienced in all aspects of estate planning, trust administration and retirement planning. We stress that designing and implementing a plan to preserve, protect, and transfer assets is most effective when completed before a crisis occurs. The crisis, however, sometimes arrives without warning, demanding immediate responses to complex legal, tax, business, and health care decisions. Inadequate preparation for life transitions and delayed response often lead to increased costs and loss of control over important personal and financial choices. Our attorneys are prepared to assist you in all aspects of trust and estate administration including the following:

- Preparation of Wills, Trusts and Estate Planning Documents
- Health Care Proxies, Living Wills, Powers of Attorney
- Estate, Tax and Retirement Planning
